Red Cross headquarters and infor-  
mation bureau will be maintained at  
the Commercial Club rooms this week.  
A representative of the society will be  
stationed there throughout the day and  
early evening to furnish data and sup-  
plies to the corps of workers now in  
the field. If unable to call, phone re-  
quests to 162.

Commenting on the campaign of the  
American Red Cross to raise \$100,000-  
000 to carry on its war activities, E. R.  
Reams said:

"The big necessity of the present lies  
in financing the Red Cross so liberally as  
to give it the chance to step into the  
gap and do a grand work of upbuild-  
ing and inspiring our allies while our  
soldiers are being mobilized and  
trained.

"And doing this, we are not merely  
rendering moral encouragement, but  
actual physical help to the fighting  
armies of France. We are taking from  
the shoulders of an overburdened na-  
tion the task of helping these unfor-  
tunate. Thus we are increasing the  
man power of France at the very time  
when this counts most. We set them  
up in life so they can help themselves.

"This is not charity. Don't let any-  
body get that idea for a moment. It  
is debt paying. We owe all that and  
vastly more to the France that has  
poured out her blood for us. It is the  
least we can do while our armies of  
fighting men are getting ready to serve  
in the trenches.

## CABBAGE CIGARS ARE REALITY IN GERMANY

COPENHAGEN, June 19.—The  
venerable jokes about cabbage  
and hay cigars have become a sad  
reality in Germany, on account  
of the high cost of tobacco. The  
smokers are using a mixture of  
hay, cabbage, strawberry leaves  
and sandal wood.

## MEETING HELD TO ORGANIZE COUNTY

SOCIALISTS DENY THAT "FREE  
LOVE" AND "DARWIN THEORY"  
IN PLATFORM—ISSUE TAKEN  
WITH MRS. O'HARE

The first meeting to organize the  
socialist party in Klamath county was  
held last night at the opera house, ac-  
cording to announcement of the intro-  
ductory speaker, who spoke previous  
to Mrs. Kate O'Hare, who later ad-  
dressed a large audience.

The introductory speaker took up  
supposed charges against the socialists  
—as "free love" and "support of the  
Darwin theory," which he disclaimed  
and denied are in the party platform.  
He then read a portion of the Darwin  
theory, pointing out that it is "the  
theory taught in high schools and col-  
leges, ridiculing the theory.

Mrs. O'Hare also took up supposed  
charges against the party. She then  
took up in a clever manner numerous  
points and phases of the war, blaming  
it onto "a few munition makers," and  
"the capitalist system." She absolved  
the socialist party from any blame or  
part in it, stating that the party tried  
to prevent it; and held munition mak-  
ers and "weak-kneed Christians," the  
"system," and others to blame.

She said the socialists have no inter-  
est in the war.  
Mrs. O'Hare struck at conscription  
in a round-about manner. She upheld  
"strong socialization," or centralized  
corporation methods as used by Ger-  
many, pointing out that there is found  
the best example of "socialization"  
methods.

She asked that she be not criticized  
after leaving. Now phases of a few of  
the many questions she touched on  
were introduced when Wm. Weeks of  
this city, questioned a number of her  
statements, and disagreed with her on  
them.

It is especially necessary now  
that Russia is in the throes of revolu-  
tionary aftermath. I am firmly con-  
vinced that the Russian democracy  
can be relied on to keep its head, to  
maintain what it has snatched from  
autocracy, but it must be helped, and  
helped quickly.

## HOOVER EXPOSES FOOD JUGGLERS TO U. S. SENATE

SAYS \$60,000,000 TAKEN IN FIVE  
MONTHS

Tell Senators That Allies Depend on  
North America for Food, and Will Be  
Unable to Fight Unless It Is Pro-  
vided, and That United States May  
Find Herself Alone Against Ger-  
many—Not Given Dictator's Power.

WASHINGTON, June 19.—Food  
speculators have been taking \$50,000-  
000 a month for the past five months, a  
total of a quarter of a billion dollars,  
from the American people, Herbert C.  
Hoover told the senate today in ex-  
plaining the purpose of the food con-  
trol bill now before congress.

Hoover, President Wilson's food ad-  
ministrator, said that the allies are de-  
pendent upon North America for a vast  
majority of their food imports.  
He said, without food the allies will  
be unable to fight, and we shall find  
ourselves alone against Germany un-  
less food is sent to them.

Hoover said the Russian revolution  
was a food riot.  
Hoover disclaimed entirely that the  
food control bill sets up a food dicta-  
torship. He told the senate that its  
purpose is to organize the country's  
resources and the people into the ad-  
ministration of food to limit the mid-  
dlemans commission and to prevent  
extortions.
